HARROLD'S - REVIEW

October 1, 1943 Vol. 2, No. 5.
HARROLD'S PANSY GARDENS & GREENHOUSES P. O. BOX 29 — GRANTS PASS, OREGON.

It is the purpose of this folder to inform our friends and patrons as to the seeds, plants and bulbs that are seasonable and available at this time. This does not mean that these are the extent of our stock, but rather they are those most likely to be of interest at this time. The prices quoted herein of course supersede previous offers on these items. For a more complete listing of our stock please refer to back issues of this publication. Back issue copies gladly supplied on request. In requesting them please state what kinds of stock you are most interested in.

PANSY PLANTS

Each year we grow and ship hundreds of thousands of the finest Pansy plants. These are strong robust plants grown in open field beds and growing in sandy loam soil they have large fibrous roots. In fact our seedling stock equals what is often supplied as transplants and quite frequently is showing bud. The variety and quality of strain is the highest procurable—many of our varieties listed here being our own originations.

We can ship plants to you at any time now and it is seldom that any difficulty is experienced in obtaining perfect arrival. We have successfully shipped plants to every state in the United States and can safely do so to your city until about March First next. Our facilities enable us to make shipment with little delay throughout the entire winter usually. It is suggested, however, that you will find it a good policy to fill your beds as early as possible. All the plants we send out are freshly dug, carefully wrapped in a special paper wrapper and Sphagnum moss. They are shipped without soil in specially constructed boxes—Strong yet very light. Our 41 years experience in shipping plants gives the greatest possible assurance of safe arrival and good stock. **FILL THOSE OUTDOOR BEDS NOW! Pansies grow into money with LITTLE CARE AND NO HEAT!**

VARIETY	Price per 100	Seedlings		Transplanted	
		1,000	3,000	100	1,000
HARROLD'S PEDIGREED NOVELTIES — Surplus from our breeding work. Many unusual types and colors.	\$2.50	\$.....	\$.....	\$.....	\$.....
HARROLD'S PEDIGREED POT PANSIES — A compact growing variety suitable for pots and window boxes.	2.00	15.00	4.00
HARROLD'S PEDIGREED CUT-FLOWER PANSIES — TALL SELECTION— Plants 3 to 4 ft. high; flowers to 4 inches on 12 to 14 inch stems.	3.00	25.00
ORIGINAL STRAIN— Shorter growing but good flowers on long stems.	2.00	15.00	4.00
HARROLD'S PEDIGREED SWISS GIANTS — The finest and most modern "Swiss" type variety. VERY FINE.	1.25	8.00	22.00	3.00	17.50
HARROLD'S PEDIGREED GIANT ART SHADES — The ultimate in the Exhibition type of Pansy. Largest size, exquisite color range. OUTSTANDING	1.25	8.00	22.00	3.00	17.50
HARROLD'S PEDIGREED GIANTS — This has been our most popular bedding type for many years.	1.00	6.50	16.00	2.50	16.00
HARROLD'S IMPROVED SWISS — A very good "Swiss" type rebred to better meet American conditions.	1.00	5.75	15.00	2.25	15.00
HARROLD'S ALL-AMERICAN BEDDING MIXTURE — A select mixture of ALL the Pansy varieties we grow.	1.00	5.75	15.00	2.25	15.00
HARROLD'S AZURE GIANTS — Finest dark blue with dark center.	1.50	10.00
HARROLD'S GOLDEN GIANTS — Best golden yellow with velvety blotched center.	1.50	10.00
HARROLD'S RUBY GIANTS — The best of the red shades found in Pansies today.	1.50	10.00
CORONATION GOLD — The finest pure yellow. Introduced only a short time ago.	1.50	10.00
SWISS BERNA — Large violet blue.	1.50	10.00
SWISS PURE WHITE — The BEST pure white. Flowers are of nice size.	1.50	10.00
PANSY AMERICA — A good market strain of nice size. Color range is quite light.	1.00	5.75	15.00
ENGLEMANN'S GIANTS — An English strain of light and dark shades.	1.00	6.50	16.00
JUMBO MIXED — Good size and a desirable color range. Substance is a bit light causing flowers to be a bit floppy.	1.00	6.50	16.00
MAPLE LEAF GIANTS — Dark color range but of good size. Inclined to be lacking in color variety.	1.00	6.50	16.00
SUPER SWISS MIXED — A good standard type of "Swiss," mostly five blotched.	1.00	6.50	16.00
OREGON GIANTS — Quite similar to America but with a little darker color range.	1.00	5.75	15.00

SEE NEXT PAGE — For quantity rules and shipping information.

QUANTITY AND SHIPPING RULES

Covering Plants

250 OF A VARIETY AT THE 1,000 RATE

Less than 250 of a variety and size will be charged for at the 100 price regardless of the quantity of the entire order. The 3,000 price may be applied to orders aggregating 3,000 or more providing no item included in that price group is for less than 1,000 plants. The shipping weight of plants is difficult to state as this will vary a good deal depending on size of plants and moisture content of the soil from which they are dug. Because of this we do not and can not quote a delivered price on any plant material.

We recommend that ALL perishable material be sent by Railway Express and we will in no way assume any responsibility for shipment by other means. Parcel Post may be used with reasonable safety up to the fifth zone (1,000 miles) although we will assume NO responsibility for delivery of plants so sent. If post shipment is desired or necessary, FULL POSTAGE MUST ACCOMPANY ORDER or we will make the postage C. O. D. Express shipments travel at second class rate which is about the same in cost and the exact charges will be collected on delivery without additional collection charge such as is necessary on C. O. D. post.

Shipping schedules will be maintained on as prompt a basis as weather and labor availability will permit. We hope to maintain as good service as in the past but we can not increase our labor staff and demand is quite heavy. All orders will be shipped in strict rotation of arrival except that due care will be taken to see that all shipments are dispatched so as not to arrive on the week end if they travel on a reasonably normal schedule. That is, shipments that normally take five days in transit will not be started out here the first three days of the week and those delivering in two or three days will not be sent out so there is a likelihood of them arriving Saturday or Sunday.

AUTHORIZED PLANT GROWERS

(WHOLESALE)

As has been our custom for many years past we have made every effort to have HARROLD'S PEDIGREED STRAIN PANSIES available to tradesmen, not only from the home gardens here at Grants Pass, but also from a group of other reliable growers so situated throughout the country that this valuable material could always be conveniently obtained. We give below a list of these growers and if one is near you it is suggested that they can possibly serve you to considerable advantage. None of these growers have the complete line of Harrold varieties and so because of this it will be necessary that you contact the grower you may select and ask what variety he can supply as well as his prices as each is at liberty to set his own price schedule.

It will be noted that two types of growers are listed this year. Those whose names are preceded by a fist thus (☞) are growers who have planted in large quantities to supply plants at wholesale and make a specialty of this trade. The others listed are firms who have planted considerable seed and may be able to supply some stock to tradesmen in their immediate vicinity. We list the latter group because we expect a shortage of this stock this year and are doing all we can to supply everyone who wants it. REMEMBER— if you want to buy from any of these firms, unless they advertise or make you an offer, don't order from this list. Write them first and ask what can be supplied and at what price.

Pansy Plant Specials

REGULAR SEEDLINGS

This special assortment is from our regular size seedlings and is offered as long as this lot is available at this attractive price. It will be composed of 1,000 each of three varieties or 1,500 each of two varieties, OUR SELECTION. The price would exceed \$20.00 if they were purchased separately. The varieties will be labeled as to name. We make this offer as it enables us to adjust our stock on varieties which are developing surplus because of seed germination above that obtained from other sorts in our line.

3,000 FOR \$15.00

This Assortment Will Be Supplied Only In Units Of 3,000

LARGER PLANTS

Large, thinly sown, open field grown. Many of these are showing bud and a few bloom. A very nice plant for special sales or to make a quick showing. All are the best mixed colors but we will not specify varieties at this price. A stock equal to transplanted for all practical purposes but at seedling price. ONLY 35,000 of these to go so better HURRY.

PRICED AT \$8.00 PER 1,000; 3,000 FOR \$20.00

NOT LESS THAN 500 OF THESE SOLD

FALL BULBS

We have a very limited supply of fall bulbs this year as it has not been a very good growing season in the northwest generally. We can offer no top size and the supply of number one and two size is not large. The number one size will give quite good results indoors for forcing; number two will bloom practically 100% out of doors and number three will give about 80% bloom outside. All are nice clean stock. As these are the last available in this district we don't expect them to last long so if you need them best order at once.

Tulips—

	PRICE PER 100		
	SIZE — No. 1	No. 2	No. 3
BRONZE QUEEN: Buff tinged apricot.	\$4.00	\$3.25	\$2.50
CLARA BUTT: Clear pink flushed salmon rose.	4.00	3.25	2.50
FARNCOMBE SANDERS: Fiery rosy-scarlet.	3.75

EMPRESS: White perianth yellow trumpet.	4.50

DUTCH BULBOUS IRIS—

	PRICE PER 100
IMPERATOR: A popular deep blue.	
8 to 9 ctm.	\$4.00
7 to 8 ctm.	3.00
6 to 7 ctm.	2.25
WEDGEWOOD: Earliest forcing light blue.	
8 to 9 ctm.	4.00
7 to 8 ctm.	3.00
SUPREME: An excellent forcer of very early habit. Medium blue.	
8 to 10 ctm.	4.50
7 to 8 ctm.	3.50

Unless specifically instructed in the matter should the size ordered be out of stock we will send the value in the other size if available. Please state in your order if this is not satisfactory.

Seeds

HARROLD'S PEDIGREED STRAIN GIANT PANSY SEEDS

We believe this group of varieties is the finest available today and it is so complete that nearly any type of requirement can be satisfied by the following varieties. For full description of these varieties see the June or August edition of this publication. We will be glad to supply a copy if you don't have one.

These may still be planted successfully in southern states for outdoor blooming during the late winter and early spring. Plantings made in these states will be found valuable up to about the first of the new year. In the northern states plantings of Pansies made indoors in flats the first two months of the new year or in protected frames where a little heat can be applied until germination takes place will give nice young plants to go out into cold frames as soon as the ground will permit transplanting. These will make nice salable plants for mid-season and will well repay the small labor required to produce them. As seed stocks are not normal this year we suggest that you get the seeds for any planting you may expect to make between now and next June at once.

BEGONIA SEEDS

Semperflorens — Fibrous Rooted

These are an American stock grown to the highest perfection by a famous California specialist. They are ALL varieties of the highest value to the florist and will be found most valuable for pot growing for the holiday trade. In recent years they have also been popular as bedding and border plants.

VARIETY	Price per Packet
TALL TYPES	
This class grows from 12 to 14 inches high. They are free and continuous flowering with the plant practically covered with 2 to 2½ inch florets in huge trusses.	
CHRISTMAS CHEER: Brilliant cherry crimson, bronze foliage.	\$1.00
CHRISTMAS PINK: Identical to above except a brilliant pink in color.	1.00
MASTERPIECE: One of the largest flowered clear pinks. Foliage green.	1.00
ZAHREINGER: Green foliage. Large flowers of flesh pink edged deep rose.	1.00
CORAL PRIZE: Foliage bright green edged bronze. Large coral-rose flower.	1.00
ILE de FRANCE: Light green foliage with very large snow white flowers.	1.00
ESSEN: Bright bronze foliage. Large scarlet-red flowers.	1.00

Begonia Seeds Continued

GRACILIS TYPES — DWARF

These are easily distinguished from the above group. Plants are only 6 to 10 inches high and grow in a perfect globe form. The flowers are smaller but literally cover the plants. Ideal for pots.

APPLEBLOSSOM: A superb dwarf plant habit of perfect form. Foliage is light green and plants continuously covered with flowers of apple blossom	1.50
LUMINOSA: Rich deep scarlet. Foliage reddish dark bronze. 10 inches high.	1.00
LUMINOSA COMPACTA: Identical to above but only 6 to 8 inches high.	1.50
CARMEN: Compact with greenish bronze foliage. Clear rose pink flowers.	1.00
INDIAN MAID: Reddish dark bronze foliage and bright scarlet flowers.	1.00

Any three \$1.00 packets for \$2.75; or any six \$1.00 packets for \$5.00

FINE CINERARIA SEEDS

CALIFORNIA SUPER - GIANTS

Howard & Smith's

An outstanding strain of Cineraria hybrida grandiflora nana which produces free flowering plants 12 to 16 inches high. The huge flowers measure from 4 to 6 inches across, with single petals 1 to 1½ inches wide. The most outstanding thing about this plant is its basal branching habit and the huge flowers which are in the form of large flat topped clusters. Colors are especially brilliant.

COLORES

Originators seeds in original packets.

BLUE SHADES— Sky blue to ultra-marine, some white zoned.	
CRIMSON and CARMINE SHADES— Very bright and rich.	
SALMON SHADES— Delicate tints from light salmon to pink.	
NEW ZONAL TYPES— (Novelty) Beautifully zoned and bi-colored.	
PURE WHITE— NEW. From 60 to 70% are true snow white.	
SUPERB BLEND— All the above shades with many others.	

SEED PRICES: Trade packet—about 500 seeds \$1.00; 3 packets for \$2.50

OTHER VALUABLE CINERARIA

VARIETY	Price per 1,000 seeds	1/4-oz.	1/2-oz.
GRANDIFLORA— Semi-dwarf: Finest mixed.	\$1.00	\$2.00	\$7.00
MULTIFLORA Nana Hybrida: Fine mixed.	1.00	2.00	7.00
BERLIN MARKET: (Potsdam or Weissensee) Rich colors.	1.00	2.00	7.00
CRAMER PRIZE: Reselected. A fine blend.	1.00	2.00	7.00
SITER'S RAINBOW MIXTURE— A very excellent type.	1.50	2.50	8.00

ANNUAL LARKSPUR SEEDS

COCKADE GIANT

This new giant flowering base branching group has proven most valuable to our patrons and many have remarked on the fine returns they bring. This is the originator's — Macdonald — seed.

VARIETY

Price per 1/4-oz. 1-oz.

BLUE COCKADE: Rich lilac blue.	.35	\$1.25
CINNABAR COCKADE: Brilliant rose red.	.35	1.25
ROSE COCKADE: Salmon rose.	.35	1.25
SALMON PINK COCKADE: A very desirable color.	.35	1.25
SAPPHIRE COCKADE: Deep lilac.	.35	1.25
VIOLET COCKADE: Rich violet purple.	.35	1.25
WHITE COCKADE: Pure white.	.35	1.25
COCKADE PASTEL SHADES: An excellent color blend in the soft shades. NEW and very valuable.	.35	1.25
COCKADE SUPERB MIXED: A very fine all purpose blend.	.35	1.25

Four ounces of a variety in the above group for \$4.25

GIANT IMPERIAL — Base Branching

This is the fine, standard base branching group so widely used for cutting both indoors and in the open. Highly recommended.

BLUE BELL: Clear light blue.	LILAC QUEEN: Lilac lavender.
BLUE SPIRE: Deep oxford blue.	LILAC SPIRE: True lilac.
CARMINE KING: Rosy carmine.	LOS ANGELES: Salmon rose.
DAINTINESS: Delicate lavender.	MISS CALIFORNIA: Salmon pink.
EXQUISITE PINK: Soft pink.	SWEET LAVENDER: True lavender.
EXQUISITE ROSE: Rose pink.	WHITE KING: Early pure white.
GLORIA: Deep rose.	WHITE SPIRE: Standard white.
FLORIST FINE BLEND: Best formula mixed.	

PRICE OF ANY OF THE ABOVE

Per 1/4 ounce, \$.30; per ounce, \$1.00; per pound, \$7.00.
Pound price may be applied to not less than 4 ounces of a variety.

FREE AIR MAIL SERVICE (Seeds Only)

Orders arriving by Air Mail accompanied by full remittance and amounting to \$5.00 or more in seeds listing at \$3.00 per ounce or more will be returned to you by Air Mail without any extra charge. For this service order MUST arrive by Air Mail and fulfill the minimum as to price of seeds and amount of order. In the event you want this service on cheaper seeds or smaller orders remit 8 cents per net ounce of such seed ordered.

Cut Flower Stocks

DOUBLE GIANTS OF CALIFORNIA

We were among the first seedsmen to recognize the quality and value of these two groups of Stocks and to offer the originator's full line. We are more confident today that these will please you and be profitable.

These are an improvement over the Improved Bismarck or Giant Imperial strains with stronger plants and large flowers. When set close (4 to 6 inches each way) they produce but a single terminal spike equal to the Excelsior Column type. And if given more room they produce lateral bloom. The colors are quite distinctive.

VARIETY	Price per	1/8-oz.	1/4-oz.	1/2-oz.	1-oz.
GOLDEN GATE: Rich yellow.	\$.50	\$1.00	\$1.90	\$3.50	
MOJAVE: Royal purple.50	1.00	1.90	3.50	
MONTEREY: Brilliant pink.50	1.00	1.90	3.50	
PACIFIC: A very fine blue.50	1.00	1.90	3.50	
REDWOODS: Best blood red.50	1.00	1.90	3.50	
SANTA BARBARA: Excellent chamois.50	1.00	1.90	3.50	
SANTA MARIA: Very fine pure white.50	1.00	1.90	3.50	
SEQUOIA: Bright rose carmine.50	1.00	1.90	3.50	
TAHOE: The most desirable shade of lavender.50	1.00	1.90	3.50	
YOSEMITE: Deep clear rose.50	1.00	1.90	3.50	
FANCY MIXED: All the above colors blended.45	.90	1.60	3.00	

NOTE: We have discontinued the Improved Bismarck group because we have found this variety to be superior and of more value.

The New Early Colonial Type

This new race of Stocks is of great value to the florist who wants heavy production of prime flower spikes over a moderate period of time. Tall and exclusively branching, they produce no center spike but branch at the base; producing 8 to 10 spikes 30" long. They flower 2 weeks earlier than the perpetual branching types. Florets are double and 2" in diameter. Doubleness of the plants is about 70%. Highly recommended.

VARIETY	Price per	1/8-oz.	1/4-oz.	1/2-oz.	1-oz.
MAYFLOWER: Fine rose red.	\$.75	\$1.50	\$2.75	\$5.00	
PRISCILLA: Silvery lavender.75	1.50	2.75	5.00	
PURITAN: Glowing pure white.75	1.50	2.75	5.00	
ROSE STANDISH: Bright rose.75	1.50	2.75	5.00	
CUT FLOWER BLEND: All the above colors.75	1.50	2.75	5.00	

SUPER - GIANT IMPERIAL

A giant race of the Imperial or Improved Bismarck type. Flowers are large and well spaced, on long spikes. Doubleness is excellent.

VARIETY	Price per	1/8-oz.	1/4-oz.	1/2-oz.	1-oz.
BLUSH PINK: Fine light pink a good florist type.	\$.60	\$1.20	\$2.30	\$4.50	
CHAMOIS: NEW. True chamois coloring.60	1.20	2.30	4.50	
DARK BLUE: An excellent color.60	1.20	2.30	4.50	
FIERY RED: A really brilliant shade.60	1.20	2.30	4.50	
ROSE CHARM: A beautiful, rich deep rose.60	1.20	2.30	4.50	
ROSELIGHT: Glowing rose pink.60	1.20	2.30	4.50	

PETUNIA SEEDS

This list covers those varieties which are of most interest now and which are usually sown early for pot plants to sell during the spring holiday season. They are also widely used as spring bedding stock and always demand good prices if started early and supplied as quite well developed plants. Now is a good time to consider your seasons supply of these as less than half the normal supply of Petunia seeds will be available this season.

Double Flowered

Three years ago we first offered this group of American grown seeds from an outstanding American grower. While its percentage of completely double flowers was not quite as high as that of the Japanese grown "All Doubles" it has been shown to be very good and some very attractive double fringed plants are produced that are fully as attractive as the doubles. Of the two types about 90% of the plants are double or double fringed with the largest number falling into the double class. Plants are compact being about 12" high when well grown.

Another fact that should be pointed out is that we are able to supply 1943 crop seeds of this group which we know will germinate while ALL Japanese "All Double" seeds are of 1940 or possibly 1941 crop.

(One grain contains 1/437th ounce — about 650 seeds)

VARIETY	Price per grain	1/128 oz.	1/64 oz.	1/32 oz.
SUPERIOR MIXED: A fine blend of all colors.	\$1.00	\$2.75	\$5.50	\$10.00
CRIMSON: Amaranth crimson.	1.00	3.00	6.00	11.00
HELIOTROPE: Lilac veined heliotrope.	1.00	3.00	6.00	11.00
MADONNA: Finest pure white.	1.00	3.00	6.00	11.00
ROSE QUEEN: Bright rose pink.	1.00	3.00	6.00	11.00
OREGON PRIDE: Bright salmon pink.	1.00	3.00	6.00	11.00
CHIEF: Salmon rose, overlaid with copper.	1.00	3.00	6.00	11.00

Giants of California

This group is possibly the most popular, especially in the mixtures. OREGON ROSE, OREGON TRIUMPH and GLAMOUR are new additions to this group in separate colors while SUPREME is composed mostly of rose, pink and salmon shades making a most desirable collection of colors. The others have a full range of colors.

VARIETY	Price per	1/128 oz.	1/64 oz.	1/32 oz.
GLAMOUR: (NEW) Huge ruffled flowers of luscious salmon rose. Throat veined brown on a cream ground.	\$1.00	\$2.00	\$4.00	
BODGER'S FLORIST SUPREME: Without doubt the best range of colors; mostly pink, rose and salmon. Of medium growth — 12 to 15 inches — with the largest ruffled flowers. Wide open throat.	1.00	1.50	3.00	

Petunia, Giants of Calif. Continued

VARIETY	Price per	1/128 oz.	1/64 oz.	1/32 oz.
DWARF RAMONA GIANTS MIXED: Very dwarf plants with the largest possible flowers. Heavily ruffled and with a fine color range. Extra fine for pot plants.75	1.25	2.50	
HARROLD'S SPECIAL BLEND: (NEW) A very dwarf plant habit with flowers sometimes reaching seven inches. Colors are mostly in the darker shades with fine pink and rose shades. Highly recommended.	1.00	2.00	4.00	
OREGON ROSE: (NEW) A brilliant rose with deeper rose throat. Plant very compact. Most desirable.	1.00	2.00	4.00	
OREGON TRIUMPH: (NEW) Giant flowered deep rose with penciled throat. Plant habit is dwarf and compact.	1.00	2.00	4.00	

Ruffled Giants

Similar to Giants of California in flower form although excepting the Ramona and Harrold's Special Blend they are somewhat more compact. Flowers are heavily ruffled and these make excellent pot and bedding plants.

VARIETY	Price per	1/128 oz.	1/64 oz.	1/32 oz.
CAMILLA: Light coppery rose veined ruby.	\$.75	\$1.50	\$3.00	
COPPER RED: Dark throat.50	1.00	2.00	
PRINCESS OF WUERTEMBERG: Rose with garnet throat.50	1.00	2.00	
ROBINHOOD: Dark crimson with darker throat.50	1.00	2.00	
SALMON BEAUTY: (MARILYN) Finest rich salmon.60	1.15	2.35	
RUFFLED MONSTERS: A very desirable half dwarf type in a most usable color mixture. Popular.50	1.00	1.80	

Grandiflora Compacta

These produce large fringed flowers with an upright very compact plant habit. Less robust than other Grandiflora varieties they are good bedding stock under favorable conditions and excellent as pot plants always.

VARIETY	Price per	1/128 oz.	1/64 oz.	1/32 oz.
GAITY: Rose and white variegated. Very fine.	\$.50	\$1.25	\$2.50	
GOTTFRIED MICHAELIS: Velvety magenta, dark throat.50	1.25	2.50	
LACE VEIL: Ruffled pure white. Very attractive potted.50	1.25	2.50	
SETTING SUN: Free flowering deep rose, dark throat.50	1.25	2.50	
COMPACTA GRAND MIXED: Fine color range.50	1.25	2.25	

OTHER SEED SPECIALITIES

In an effort to conserve materials and labor, yet at the same time make our price list more valuable to our friends and customers in the professional trade this present folder form has replaced the rather elaborate booklets of the past for the duration. Limited space, however, makes the repeated listing of our entire line impossible and we trust our patrons will file the various issues as received and use them for reference throughout the year whenever seeds in our line are needed.

You will find in the following list a grouping of seeds offered in past issues that are not offered in this edition. We suggest consultation of these past issues when you need any of these seeds and if your copy has been misplaced we will gladly furnish another on request. Post card will do and they are free.

ISSUE OF JUNE 1st. 1943 — Vol. 2, No.3.

Florist Snapdragon Seeds Delphinium Seeds
Primula Malacoides Seeds Viola Seeds
A Large Assortment of Standard Strain Pansy Seeds.

ISSUE OF AUGUST 1st. 1943 — Vol. 2, No. 4.

Viola Seeds Delphinium Seeds
Primula Malacoides Seeds Perennial Seeds, 117 varieties

Future issues will offer much valuable material as it becomes seasonable. A copy of it will be mailed as soon as it is published. In order that you may have at all times a listing of our stock we suggest that you file each issue and refer to them each time you are in need of seeds. We know when quality and price are both considered that we can serve you to the very best advantage as quality always has first consideration with us. Our seeds are ALL specialist grown for the professional tradesman and our prices will be found completely in line with stock of general run of the market quality.

Terms of Sale

PRICES — All prices are made on a basis of cash with order. No deviation will be made from this rule except where special credit arrangement and usual reference check has been made. **SEEDS** can be sent C. O. D. and will be so forwarded in all instances where the above rule is not met. **PLANTS AND BULBS ARE NEVER** sent on a C. O. D. basis. **ALL** prices quoted herein are subject to any change in market occurring after this list is published.

REMITTANCE — May be by any of the usual commercial methods of transferring funds. The amount must be in United States money, collectable net, for the full amount of the order. **WE WILL NOT** accept postage stamps as any part of remittance. We use metered postage exclusively and stamps are a total loss.

TRANSPORTATION — **SEEDS** will be shipped by insured post, prepaid. Free Air Mail delivery may be had on seeds under conditions mentioned elsewhere in this list. **PLANTS AND BULBS** are delivered in so far as our responsibility is concerned when accepted by the transportation agency at Grants Pass, Oregon. We recommend that all perishable material travel Railway Express and unless instructed differently will ship that way.

OUR RESPONSIBILITY — In view of the reasonable prices quoted herein and the varied conditions under which this stock will be grown after leaving our care, it is manifestly impossible for us to guarantee in any manner, descriptive or cultural, the crop resulting from the use of the material listed. Ordering from this list will definitely be construed as your acceptance of these terms as set forth and it is understood that in all cases our liability shall be limited to the actual purchase price paid for any material supplied.
